

PSE&G Commercial & Industrial Midstream Eligible Zip Codes

Eligible Service Territory Notice

The installation address must be located within an eligible utility service territory to be considered for this program. However, ***residing within an eligible service territory does not guarantee application approval or incentive eligibility.***

All applications are subject to verification and must meet all applicable program requirements, including equipment eligibility, installation requirements, available funding, and submission deadlines. The Program reserves the right to approve or deny applications based on compliance with program guidelines.
